Selah Scholarship Policy & Procedures

1. Scholarships are awarded for the academic school year (September–May).
2. Families may re-apply for a scholarship for an upcoming school-year, if you continue to meet the eligibility requirements; however, there is no guarantee that a scholarship will be renewed. An updated application will need to be resubmitted each year.
3. Families will be responsible to contribute financially toward remaining fees and/or tuition after scholarship is awarded. Monthly invoices for any remaining tuition will occur as normal. Any past due tuition/fees may result in the scholarship being canceled.
4. Money awarded may vary depending upon financial need, availability of scholarship funding, and the number of qualifying applicants. Meeting eligibility requirements does not guarantee a scholarship. Scholarships are awarded based upon considerations of the Selah Education Board.
5. Qualifying families will receive a Scholarship Award Letter detailing the terms of the scholarship, including any remaining tuition and/or fees owed.
6. Please provide proof of income including (but not limited to) a previous tax return, or proof of monthly income.

I have read the above policy carefully. The information that I have provided is accurate to the best of my knowledge.
